To Whom It May Concern,

I am writing to confirm that Aadya Agarwal completed a short lab-based project experience at Aqua Science LLC. Aadya participated in a supervised hands-on activity and successfully performed the necessary tests as part of her project work.

Aadya arrived prepared, followed lab safety and cleanliness expectations, and worked carefully under guidance. She was able to understand the purpose of the test, carry out the steps as instructed, and record her observations/results in an organized way. She asked appropriate questions, took feedback well, and handled herself professionally throughout her time in the lab.

Based on this experience, Aadya demonstrated responsibility, attention to detail, and a positive attitude toward learning in a laboratory environment. I am happy to confirm her participation and contribution to this lab activity.

Sincerely,

Richa Patel
R&D Scientist
